ANNUAL REPORT
of the
RECORDING SECRETARY
of the
NORTHEASTERN UNIVERSITY FACULTY WIVES
for 1948-1949

The Northeastern University Faculty Wives has completed its eighth year. The interest in the Group has not lessened and much progress has been made during these years. Many new friends have been made and the friendly spirit expressed at our meetings has made each meeting day a pleasant one.

Due to the desire of the Group to do something for the University money has been accumulating for the past several years and this year it was voted that the project would be to let the funds accumulate toward the furnishing of a room in the new Library Building which is to be built in the future.

Our two very lovely lace table cloths which have been purchased this year have added much to our attractive teas. Also it has been a pleasure to be able to make coffee in our new coffee maker.

The United States Government Marine Hospital in Brighton has expressed much appreciation for our gift of magazines which we sent to them. They filled a great need.

We are indeed grateful to Mrs. Ell for her gift of two pair of very attractive silver sugar tongs.

Your Executive Board has met each month before the regular meeting and there have been seven such meetings and two special ones.

It was voted since the location of keeping our Silver Tea Service has been changed that it was wise to have it and all belongings of the Group insured.

Special thanks and much appreciation are due our retiring Chairmen and Treasurer for their untiring efforts which they have put forth during the past two years.

To our President, Mrs. Tozer, on completion of her two years in the office we wish to express our deep appreciation and gratitude for her very fine leadership.

Respectfully submitted,

[Signature]
Recording Secretary
with the guidance of a splendid executive board and friendly cooperation from the group as a whole, some of our aims and the object for which we were founded this past year.

Chairman reports have covered our work very well.

In net respect, I can see that which I ought to have done and in prospect we can all see that much will be done.

Thank you for the pleasure I have had in being your president officer for the past two years.

Kathleen E. Togere

April 5 1949.
Report of the corresponding secretary:

To date, sixteen hundred and seven (1607) notices have been sent, and the correspondence of the club has been conducted.

Respectfully submitted,

Hope T. Vernon
Corresponding Secretary
I would like to take this opportunity to thank all the members for their generous contributions and co-operation in making each meeting a success in this past season.

My sincere appreciation to Mrs. Parsons and Mrs. Zuffanti for doing more than they really should have.

With the addition of a new electric coffee maker that was purchased and dish towels that were donated by Board members things went along very smoothly. Two new lace tablecloths were also added to our equipment.

Next season I am looking forward to serving you together with a standing committee of hostesses, although I still plan to solicit food from members.

Many thanks again to one and all.

Respectfully submitted,

Mrs. Mildred Keith

Hospitality Chairman

April 7, 1949
