Dedication

NANCY WARNER

Nancy, since joining Student Affairs in 1988, you have given us the courage to continue despite our individual circumstances. Many tragic sagas of failed courses and monetary deficits have been dropped in your lap, but you always manage to offer sound advice. We know you would rather be biking or gardening, but you choose to listen to us, and for this we are grateful. Your infinite talent for schedule manipulation has allowed many of us to graduate on time.

As we venture off into our different practices, we will certainly remember your patience and understanding. We want you to know we truly appreciate the time you have invested in us and the headaches you have endured because of us. For this, we dedicate our yearbook to you. Thank you.

Sincerely,
The Class of 1992

WELCOME

NORTHEASTERN UNIVERSITY

LILLY TRIP

Each year Eli Lilly and Company is pleased to host class visits from many of the pharmacy schools across the country. The visit usually lasts two days during which tours, hosted by employees of the company, are given of their research, toxicology and production facilities. In addition to the tours, discussions are held on career opportunities for pharmacists with Lilly and on topical issues in health care. Finally a banquet is held in honor of their visitors during which they have a chance to meet with even more members of the Lilly team.
Pharmacy Student Organizations

Senior Class Members

Academy of Students of Pharmacy is an organization aimed at providing social interaction and professional development for all its members. With the help of our faculty advisor, Dr. Gerald Donehew, activities such as the legendary A.S.P. picnic, the drug fair, the sweatshirt sale, and the colloquiums were made possible. A.S.P. is alive and kicking and will continue to grow in the future.

The past five years have been the best years of my life. Northern University has proved to be the right choice for me. Not only has Northern given me the education I was looking for, but also the most rewarding experiences. I have grown both personally and professionally. I hope you will enjoy your time as much as I have enjoyed mine. I wish you all the best.

DANIEL L. BROCKHOFF

Although words could never be enough, I would like to thank my family and friends for their love and support while reaching my goals. Your prayers and advice will always be with me.

KELLY ANN CARMICHAEL

I am ready to lead the next phase in my life. I wish you all the best.

DENEE BROWN

Who said your college years are the best times of your life? Obviously not a pharmacy major. So many drugs. So little time. Thanks to those who influenced me as a person and a professional. You've taught me a lot. Thanks to my family and friends for your support. Thanks for believing in me.

YVONNE BUCHOLTZ

For all of you guys that thought I slept my way through pharmacy, I made it!! Thanks again. I love you all.

DAVID CHANG

If you are reading this, I'm still here. I'm checking out the nightlife, eating at all the great restaurants, and having a great time. I wish you all the best.

LISA CHEUNG

To everybody who has been with me for all these years in Northeastern. Have a bright future!
CATERINA CICCARELLO
Graduation time is getting near and it's going to be very hard for me to say "goodbye." I feel that Northwestern has offered me a lot in terms of education, friendships and experience and I'm really thankful for all of that. The major heartache I've had during these years is the loss of my father. Because he had always encouraged me to strive for the best goals and to be the best that I can be, I'm going to continue to do just that.

NOEL COBY
It's hard to think that last year has gone. I have made many friends in Boston and we stay in touch. I will never forget the good times I've had in Evanston Hall with the circle man, to gardens on the grounds of NU. Northwestern will always have a special place in my heart and I'm going to remember all the good times.

MARTIN CURRY
Thanks to my friends and family. Good luck my fellow pharmacists we get two and we get the most important one - health is very important.

JOANA CROCE
I can't even remember the exact amount I decided to pursue pharmacy or how it came about, but a very special person in my life is assuming all the credit. so I'm going to let him have it. Pharmacy has been one of the best decisions so far. A twist of fate put two girls together in Cat Lab who then became best of friends. Thank you Melissa & Eileen, you guys made me look forward to coming in every morning. Also, thank you for all your love and support. I will always remember all the good times and probably regret all the upset times.

MICHELE CREA
Can I have your attention please? I have three announcements to make regarding the Pharmacy Class of 1992. First of all, the Med. Chem. class is finished. No more stressing for exams, no more "the real world." Although NU has taught me the meaning of hard work, and I miss it. I have made lots of memories and friends my three years. Thanks for being there for me, without you it would not be so much fun. Most of all, thank you Dad, for all your love and support and also for your guidance. Good luck, health and happiness forever everyone Class of '92.

ANDRES DIAZ
It's hard to believe that five years has passed. I can't believe how fast it has gone. I have made many friends in Boston and we stay in touch. I will never forget the good times I've had in Evanston Hall with the circle man, to gardens on the grounds of NU. Northwestern will always have a special place in my heart and I'm going to remember all the good times.

SHEILA DAFTARI
I entered as a transfer student from that same high school, two years ago. Filled with lots of great memories. Well, we'll all be a part of the Pharmacy Class of 1992. Northwestern has been a great place to learn and grow and I'm thankful for all those who have helped me.

THOUGHTS I HAD TO EXPRESS TO FRIENDS:
brooke, the day you left NU it was like losing an arm. I don't think I can go on with life without you. You have been my best friend and I am so sad to find you are leaving NU. I will be looking forward to our next meeting in the summer or fall. Thanks for being there for me. You are a true friend.

THANK YOU, LADIES. ENJOY YOUR HONEYM OON, KELLY AND MARY. MARY, I AM SINCERELY SORRY FOR THE MISUNDERSTANDING. PLEASE BE SURE TO HAVE A WONDERFUL HONEYM OON WITH YOUR FAMILY AND FRIENDS.

THANK YOU FOR BEING THERE FOR ME. DON'T FORGET THAT I LOVE YOU. KEEP IN TOUCH.

Thank you for everything. You have made me who I am today. I will always remember the good times we had together. Good luck and God bless you in Class of 1992.

I never thought this time spent in college would pass well. School was a drag in our junior quarter. Matt, Greg, and I decided Drug Info class should have been held in Maxwell’s, there might have been better attendance that way.

Dave, you are a great drummer and I enjoyed watching you play in the band. Thanks Mom and Dad for the support, next time I’m picking an easier major. Watch out Meredith, sooner or later you will swim in the Christian Science Center pool. Mary, we’re going home.

Lisa A. Macdonald

We finally made it and in less than 10 years, we never thought it was possible. Thanks Rita, Lisa, Kelly, and Eric. You helped make it possible.

Jared to Dean & Roger for their support. Thanks for making my academic years. Thanks to some great professors, math, and physics seniors. Why Phantom? I still remember Michael. You’re a great drummer.

Don’t let those teachers catch you smoking, Gary. What is so funny, Kevin? Love that view! Beep your mopps — Scratch that. Est-ce que quelqu’un a vu Sylvain? Simon, the Pet Shop Boys are coming back to Boston? Who hasn’t she kissed up to? So what did you do last night, Rosie? What do you want, Michele (C.)?

From my perspective, to be a half-finished pharmacist is sickening, and I am always passing the necessary drugs medications and the health department. As a highly professional, we should always serve to free humanity from our task of the patient.
SANGITA MADHARI PATEL

I never forget NU with its 8 o'clock classes, teachers you can't understand, exam questions that are from outer space, and the smell of formaldehyde. But most of all, I'll never forget the support and encouragement I received from my family and friends. As my stay at NU draws to an end, I realize just how much I'm going to miss saying those familiar lines: Bharti, quick hug at 9 o'clock. Sandra, do you have any gum? Cathy, what's wrong? Exam! What! We have an exam next Monday!! The class average is what?! Moisieur Sylvain! How are you? Shahnaz, you're worse than I am! I'll see you in the library, Marcia.

Three years full of excitement, memories and friendships. No more "Coch Roach" equation... as expected. Thanks to Nancy Warner for that small talk and to Mom & Dad for supporting me through the years. I'll always be grateful for what you've done for me. To my parents, you've been a very helpful and loving friend through ups and downs. Love ya!

To my friends: Leslie, Rebecca, Emma, and Dave Rabih for being there when I needed them. You all deserve my love. Good luck to Johnny Lam, my bodyguard. You've been a very truthful and caring friend; you light up my inspiration. (Don't push it.) Lastly, thank you to all the pharmacy professors as well as to Anne Ahern who made a great effort in providing me pharmacy knowledge. Again, good luck to the Class of '92. See you in California... Helen.

APhA held their annual meeting and exposition during March 14-16 in beautiful downtown San Diego, California. Throughout the event Northeastern's pharmacy program was well represented by students from the junior and senior class. Our own Matthew Pike represented Northeastern's Rho Chi Society while Michael Agostino competed in the patient counseling competition. The meeting and exposition offered everyone the chance to meet new and old faces, attend educational programs and participate in a job fair which was housed in a room two football fields big! Outside of APhA's gala there were a handful of things to do and places to see, just take a look for yourself.
