Dedication

Professor Barry Kass

We, the Class of 1993, dedicate this yearbook to our teacher, advisor, and friend Professor Barry Kass. It should be noted that this decision was not picked from a hat, but voted almost unanimously by the senior class. Not only did Professor Kass do his best to teach us (and get us through Drug Info), but was a friend that each of us could talk to anytime. Even surgery could not keep Professor Kass away from Northeastern to aide his students in easing into Clinical Clerkship. We thank you Professor Kass. You helped us when we needed you most.

When the fires burn out, and the waters run dry, the mountains have fallen. We'll remember these times. The sea seasons roll by, and the youth slips away, the glory has faded, what will we say?
Thanks to all my friends for making these three years fun and rewarding. Thanks also for my family for supporting me along the way and putting up with eight years of university.

CHARLES CHUWAI LIU
Finally, I got through all these years at Northeastern University. I feel that I have gained a lot of valuable experience which is very precious to me and cannot be forgotten. When I first got into college I felt so lonely, and I thought I was never going to make it. But I made every positive effort to become independent.
I thank God, my parents, and Northeastern University for giving me the opportunity of education and for opening the door that will lead me to success.

YUONAH K. LEE

This is the last of the lessons I have learned. I think the most important of all is that life is a game and if played right can be a tremendous amount of fun.
Thank you Mom, Dad, and especially Jenny for allowing me to study.
This is the last time I will have to speak, but I will continue to be a good friend to all my friends.

ORGANIZATIONS
The Rho Chi Honor Society, founded in 1917, promotes the advancement of the pharmaceutical sciences through the encouragement and recognition of sound scholarship. High standards of intellectual and scholarly attainments are demanded for election to membership.

The society seeks to promote scholarly fellowship in pharmacy by bringing together undergraduate and graduate students, along with faculty, in a fraternal and helpful association. The society strives to increase the awareness of the ethical and social responsibilities of the profession of Pharmacy.
Academy of Students of Pharmacy (ASP) is a professional organization for all pharmacy students. Student membership is also in the American Pharmaceutical Association. Leaders organize the annual pharmacy dance, exposition, picnic, and community outreach programs. Leaders represent the College at regional and national meetings of the ASP. A member represents the ASP in the national patient counseling competition. Leaders also sponsor various fund raising events to support the costs of its activities.
