DATE: July 24, 1990

PROGRAM: THE ROXBURY GOLDENAIRES

COVERING THE MONTH OF: July 16 - 20

MAJOR PROGRAM ACTIVITIES: The second of the Summer Program was hampered by the heat wave. Our advice to the seniors was to stay inside and drink plenty of fluid. There were seniors who stated that it was too hot to stay inside, because they had no air conditioner. They felt it would be cooler for them at a park near the water. We were able to accommodate them. We went to J.W. Field Park in Brockton, Ma. It's a lovely park with table & benches. We took our grill. Fun was had by all.

PROGRAM ACCOMPLISHMENTS: We were able to provide a needed service to seniors who wanted to get out of the house, because of no air conditioner.

PROGRAM PROBLEM AREAS: The van is still a problem, when the van gets hot and is shut off it does not start until it has completely cooled off.
